

Dear Colleagues,

Talení Africa is proud to announce that the facility that most of you have been hoping for, namely a consistent fuel supply, shop and camp site close to the Etosha National Park Gate is now open!

True to Talení's drive for quality it is not only a few fuel pumps and a bland forecourt shop.

We aimed to create a facility that not only portrays the intricate history of the Etosha National Park and surrounds, but also simultaneously offers the local community, farmers and tourists access to basic necessities, groceries, fuel and souvenirs.

Being a mere 6.5 km from the Andersson (Okaukuejo) entrance gate to Etosha National Park, Etosha Trading Post is the ideal stop over to refuel, refresh, and stock up on grocery supplies before continuing on your journey.

We offer snacks, drinks and farm style take away meals and our extensive curio deck is the perfect place to browse for the ultimate keepsake or gift for your loved ones.

Besides the fuel station, shop and tyre workshop, Etosha Trading Post also provides a camping oasis that caters for both individual travellers and larger groups of friends exploring Etosha together.

The 8 Individual Campsites are each equipped with Private Bathroom facilities (shower, toilet and wash basin), shaded area with Wash-Up Facilities, Power Outlets, Running Water, Lights and a Barbeque facility. With views towards a waterhole and the incredible sunsets over the Etosha plains it is the perfect place to relax after a busy day exploring Etosha and our beautiful surrounds.

4 Spacious Group Campsites are ideal for larger families or groups of friends travelling together through Namibia. These sites are equipped with Power Outlets, Running Water, Lights, Barbeque area and separate Ladies and Gents Ablution facilities each featuring toilets, wash basins and showers.

We look forward to welcoming you and your guests!

Kindest Regards,

The Taleni Africa Team
