Private Mobile Camping by Mguni (Pty) Ltd

Mguni (Pty) Ltd operates mobile safari with passion to share with its clients the unspoiled Africa through courtesy of a highly skilled professional, giving you special privilege of absorbing the serenity of the wilderness, splendor of the African landscapes and its unique wildlife.

Our adventure starts from the moment we meet you; whereby you will be given a VIP reception by your PRIVATE, professional guide. Our company uses open 4 x 4 game viewing vehicles, which are strong to take you to the tough terrain of these breathtaking attractions. We are known for using some of the highly experienced guides who also add up to the thrill of your trip by ensuring that you are comfortable at all times. Their invaluable knowledge about the wilderness of the guides and their exciting life-time stories, the culturally “around the fire tales” around an evening fire is one of the unforgettable safari experience our guests take as memento.

While camping, we treat our guests to comfortable accommodations in spacious dome style tents. We ensure not a minute of our guests is wasted by sending a separate back-up truck ahead of the safari group to set up camp at each site as we continue to enjoy the different wilderness habitats.

All our tents are large, with insect proof windows, a comfortable sleeping bag with fresh linen and mattress, a verandah and a provision of separate hot water “bush-bucket” shower/toilet for ladies and men respectively. The tent dimensions are approximately 3m x 4m. You have a full complement of staff that will prepare your camp, cook your meals and provide hot water for your showers.

Our support staff will wake up very early to make fire, heat your water and prepare hot beverages (Coffee, Tea, Hot chocolate, soft porridge, hot milk) before your morning game drives. All tents are provided with Washbasins, placed outside the tents and filled with hot water to freshen up before you begin your day of exploring the African grounds.

On your return to the camp after a game drive you will be treated to an amazingly healthy meal prepared by our chef, giving you that exclusive experience of fire cooked meals. After enjoying the meal you may take time to read a book or just enjoy the pleasant fresh breeze of the African wilderness.

Mguni serves you meals that are of an excellent standard, appealing to all guests dietaries and served in a separate dining tent, or out in the open, under the stars.

Photographic opportunities never end on open safari vehicles; giving you the freedom to take pictures from any angle.
